

Statewide Portable Equipment Registration Program
FORM 2-B - Proof of Purchase Date for Portable Tier 2 Engines Purchased Prior to Effective Date of the Tier 3 Standard

Note: Documentation must be submitted with the application and the application must be submitted prior to the dates listed below.

Note: Engines submitted under the following provisions are not subject to the fee requirements for engines not meeting current tier standards as listed on Form 1-B.

Check one of the following and enter the date.

- ☐ 1. Tier 2 engine rated at 100 to 174 brake horsepower: The engine was ordered or purchased between July 1, 2006 and January 1, 2007 but was not in possession prior to January 1, 2007. Attach documentation of purchase such as a purchase order, invoice, or other purchase records and documentation of delivery such as a bill of lading or packing list. The application must be submitted before July 1, 2007.

Date of purchase of the engine _____.

Date of delivery of the engine _____.

- ☐ 2. Dealer/distributor "stock" Tier 2 engine rated at 100 to 174 brake horsepower: The engine meets the definition of a stock engine in ATCM Section 93116.2 (see next page). Attach documentation such as an inventory listing, purchase order, invoice, or other records showing the engine was in stock prior to January 1, 2007. The application must be submitted before July 1, 2007.

Date dealer/distributor took possession of the engine _____.

I hereby certify that all information provided in this application and any attachments is true and correct.

3. Printed Name of Responsible Party:	Title:
4. Signature of Responsible Party:	Date:

(FORM 2-B)

In order to qualify for the “sell-through” provisions in the Airborne Toxic Control Measure for Diesel Particulate Matter from Portable Engines Rated at 50 Horsepower and Greater (ATCM), an owner and/or operator must prove to the Executive Officer that the engine was purchased within the time period specified and a dealer/distributor must prove that the engine is a “stock” engine and was possessed prior to the date of the tier change. Examples of adequate proof are inventories, purchase orders, invoices, or other purchase documents. The purchase date must be within six months prior to the effective date of the emissions standard change for the engine horsepower range. Fees for registration of engines meeting these requirements are the normal PERP registration fees.

1. *Date of purchase of the engine.* Enter the date of purchase and the date the engine was delivered or came into your possession. For engines rated between 100 and 174 brake horsepower, the change to Tier 3 is effective January 1, 2007. An engine purchased between July 1, 2006 and January 1, 2007 and not possessed prior to January 1, 2007 is eligible for registration if the application is submitted before July 1, 2007.
2. *Date dealer/distributor took possession of the engine.* Enter the date the “stock” engine entered the dealer/distributor inventory. For engines rated between 100 and 174 brake horsepower, the change to Tier 3 is effective January 1, 2007. The engine is eligible if the application is submitted before July 1, 2007.

ATCM Section 93116.2 Definition of Stock Engine: “Stock Engine means a certified diesel-fueled engine that has never been placed in service and is part of a supply of engines offered for sale, rent, or lease by a person or company who offers for sale, rent, or lease engines and related equipment for profit.”

3. *Printed Name and Title of Responsible Party* - Printed or typed name and official title of person signing and dating form.
4. *Signature of Responsible Party with Date* - Signature of responsible member of entity. (Application will not be accepted unless signed and dated.)
